Brief Details.

On the 12 July 2019 at about 1120hrs, I was travelling along Gambas Avenue towards Chongfu Primary School. When I approach the traffic light I speed up a bit, however when I got nearer to the traffic light, I realized that the light already turned amber, thus I started braking. After that, I felt an impact at the back of my bike and I flew off my bike. The driver of SGW19T then approached to check on me and told me that if I have had made it pass the amber light, he would not have hit me, however, he admitted it was his fault. 2 passerby together and the driver then came forward to help me up to the roadside. I then waited there for the ambulance and subsequently conveyed to KTPH.

I wish to state that my my bike does not have dashcam.
