WITHOUT PREJUDICE

Hi Hsiao Tong,

We refer to your email below.

We have reviewed the matter and based on our client's video footage, we do not agree with your proposal of 50/50.

Based on our finding and the CCTV footage, it clearly showed that the rear /back of our client vehicle was clear before he reversed his vehicle. While our client was reversing till the junction of the up slope , **your insured coming up from the slope, without stopping and dashed out at the junction and collided to our client's vehicle.**

Secondly, our client was on the main drive way and in order for him to park his vehicle at the back of the carpark, he need to reverse his vehicle for easy access. Hence, we are in the opinion that your insured was the proximate caused and is fully liable for the accident .

Kindly review the matter again and revert.

Thank you & Regards,

Without Prejudice

Dear Sirs/mdm,

We refer to the above matter.

We would like to propose 50/50 on this matter. Both vehicles should exercise caution as 1 vehicle is reversing and the other is going up a slope.

Please confirm acceptance.

No admission of liability, whatsoever, should be deemed / inferred from this negotiation of terms/settlement.

In the event of new evidence being discovered or subsequently produced by either party that will materially affect/influence on the issues of liability/damages, either party is not bound, thereafter, by the negotiation terms/settlement.”

Best Regards,
