Dear Mr. Wilson,

We refer to our e-mails below.

We have surveyed TP vehicle on 07.10.2014 and have adjusted the cost of repairs to lump sum \$2,550.00 with 4 working days recommendation to repair after inspection.

Basing on the circumstances of the accident, we are of the opinion that TP is more to blamed for the accident.

To this date, despite reminders made, we receive no letter of demand from TP.

We also did not receive any follow-up made from their side for this 2014 claim.

Since there is no development from TP with regards to their TP claim, we will temporarily close this more than one (1) year outstanding file and submit our report to your good-office.

In future, if there is any development from TP, we will update and inform you for our further handling.

Thank you.

Dear Mr. Wilson,

We refer to the subject of this e-mail.

OI reported that he was along Stamford Road and wanted to make a left turn to North Bridge to park his car at Funan Centre when he had collision with TP taxi.

Taxi driver reported that he was travelling along lane 4 and was about to make a left turn when OI on his left continued driving straight instead of turning left as such, collision occurred.

We called OI to clarify the nature of accident where he confirmed he was initiating a left turn and not going straight as this is his daily routine.

We have reviewed both reports and basing on the circumstances of the accident and scene photograph, we are of the opinion that TP is more to be blamed for the accident.

In view of the above, we intend to reject TP party claim.

Kindly advice instruction and/or opinion for this claim please.

Thank you.
