Brief Details.

On 19/02/2019 at about 1540HRS, I was driving my vehicle SJP254G along Jurong Port Road. There was a vehicle in front of me and I came to a stop behind it. That was when I felt an big impact coming from the back. I stepped out of the vehicle and made a check and realized that a lorry, XD5342A hit me from behind. The accident occurred near to a bus stop but I am unsure of the bus stop number. I was able to exchange particulars with the other driver namely, Kang Kam Yiu F7017717W. I am a grab driver and I had a passenger with me at the moment of accident.

Police nor Ambulance neither attended to our accident. However, I went to the hospital after the accident and was given 6 days MC due to the whiplash. I want to state that I do not have in car camera footage of the accident. That is all.
