CONTINUATION OF REPORT

Brief Details.

On 03/08/2019 at about 1600hrs, I was driving my car(SJU1080H) along River Valley Road about to make a turn into Nathan Road. As I was approaching the junction, I stopped at the extreme right lane behind a van(S2968CD) waiting for the right green arrow. As I was waiting, my car was hit from the rear by a taxi(SHA8067E) so hard causing my car to move forward hitting onto the van in front. I switched off the engine and alighted from my car to find out what happened. The van driver also alighted from his van to see what had taken place. I noticed the taxi driver was still seated in his taxi however his passengers alighted and police was called down. Police and Ambulance arrived later to assess the accident and the passengers of the said taxi were conveyed. I did not speak to the taxi driver however my helper assisted to take pictures of the accident scene and took down the details of both drivers. Only the van driver took down my details. I was advised by the traffic police officer to lodge a Traffic Accident report and I am lodging this report as advised by him. Both my front and rear bumper were badly damaged which includes the exhaust pipe to my car. I wish to state the taxi driver was later seen walking outside his taxi with a walking stick.
