On 12/08/2019 at about 1315hrs, I was driving my vehicle SJP8459E along Yishun Avenue 1 towards Sembawang Road and the extreme right lane. First vehicle stopping behind the stop line as the traffic light was in red.

Suddenly, I felt a huge impact from the rear of my vehicle which resulted my vehicle protruded forward. I then quickly made a check on my passenger if they are alright. At the point of time, we were all fine but I and my wife who was sitting at the front with seatbelt attached had flung forward and back to our seat due to the impact.

I then stepped out of my vehicle to make a check and discovered that I had an accident with vehicle GBC6269M. I spoke to the driver of GBC6269M and he apologies to me. We exchanged particulars and took photos from the scene. There are damages found at the rear of my vehicle. The driver asked me not to claim insurance and go to his workshop and he will pay for the damages. As such I told him that I will let him know afterwards and drove my vehicle off.

On 13/08/2019 at about 1300hrs, I went to the car repair workshop to settle the matter. I informed them that I and my wife felt pain at the back of my neck and left shoulder. I was advised by them to have a medical checkup.

On 14/08/2019, I and my wife went to Mount Alvernia Hospital to make a check and both of us are entitled with a total of 5 days of medical leave from 14/08/2019 to 18/08/2019. I then inform the matter to the car repair workshop and I was informed to lodge a traffic accident report at the police station.

I wish to state that I have the in-build car camera viewing the front and rear view however it was over written.
