Brief Details.

On 16/8/2019 at about 1930hrs, I was driving my vehicle(SJD5744P) along Seletar Expressway on the outer right lane towards Central Expressway. There was a vehicle(SKD2725C) in front of my vehicle on the outer right lane.

After which, the vehicle(SKD2725C) did a sudden brake which caused my vehicle front bumper to hit onto the rear bumper of vehicle(SKD2725C). I did not had enough time to brake as it was too sudden. After the collision, I got down of my vehicle and checked on the situation. I realized that it was a chain collision of 6 vehicles including my vehicle.

The vehicles that are involved in the collision are in order (SJL1575U, SJR8883C, SFL8362T, SMD8663J, SKD2725C and lastly my vehicle SJD5744P). I do not have any of the other driver's particulars and I do not have any passengers on board my vehicle at that moment. My vehicle front bumper is badly damage and my air bag has been activated due to the accident.

There was a passenger on board SKD2725C which was conveyed to the hospital and after which police officers came to the accident scene to provide assistance. I was provided with a case card vide incident L/20190816/0130 and was informed to lodge a traffic accident report prior to the accident. I would like to also state that my car was towed away due to it being badly damage. That is all.
