Brief Details.

On 15/08/2019 at 2200hrs, I was driving my rented vehicle bearing registration number SMN2463G along Punggol Road towards Sengkang. I was driving on the extreme left lane. I then approached the junction of Punggol Road and TPE(SLE) and stopped my vehicle as the traffic lights had turned red. The lights had just turned green in my favour and I was about to move off when I felt a huge impact and hard jerk at the rear of my vehicle. I alighted to make a check and discovered that the vehicle bearing registration number SMA9033L had rear ended the back of my vehicle causing the whole back of my vehicle to be smashed in. My vehicle cannot be started after the accident. A towing had to be called in for my vehicle. I then tried to exchange particulars with the other driver however he refused. He then suggested to proceed to the police station however he drove off before we could head to the police station.

On 16/08/2019 at 1500hrs, I felt pain around my shoulder and back area and decided to seek treatment at the clinic. I was given 3 days of MC. My vehicle is not equipped with any camera.
