CONTINUATION OF REPORT

Brief Details.

On the above-mentioned date and time, I was at the above-mentioned location. At that point of time, I had a passenger in my vehicle (SHA4500Y) and was dropping the passenger off at the main road. I had also switched on my hazard light, to warn the other vehicles that I am stopping. Subsequently, when I stopped the vehicle and while attending to the passenger, I felt an impact at the rear of my vehicle. I noticed that there was a van behind my car. Subsequently, the van then drove off. I did not managed to stop the vehicle.

I do have an in-car camera and that was how I managed to get the vehicle number. I would like to state that no one was injured. There is a dent at the rear right side of my vehicle.
