I'm afraid I don't have any evidence since it was not a big thing at that time. I think the other party is trying to be taking advantage of the situation for their own benefit.

Dear Mdm Tan,

We refer to your below email and the contents were noted.

Please be informed that we are currently pending for the evidence from the claimant as it was mentioned that they have a video footage that shows the entire accident.

Meanwhile, kindly also forward to us any evidence you may have in order for us to defend the claim against your policy and nay photos taken at the time of accident to show the damages sustained by the other vehicle.

Thank you.

Thank you for your note of 6Sep, informing me of the developments in the above case.

Please be informed that I consider to be the aggrieved party as SLR1419H knocked into me and dented my car. As this dent is not so big I'm not making a big fuss about it but it appears that the other party is, for what ever reason unknown to me. I don't think SLR1419H was damaged and may I know what kind of compensation are they talking about.

Kindly let me know what is the next step. I would be most annoyed if my many years of NCB is damaged by this incident.

Thank you for your attention to this matter.
