Hi Team,

Please note that insured informed that he was driving along Punggol road when he sawing smoke coming out from his bonnet. He immediately stopped his car at a nearby bus stop to check but he was unable to open his car bonnet as it was stuck. He tried to examine the inside of his bonnet by looking through the front grill and he saw a fire inside, hence he called for roadside assistance immediately thereafter.

Insured further informed that he did not do any recent modification or wiring changes to his vehicle. He had last sent his vehicle to servicing in June 2019 and he passed the LTA check 2 weeks ago.
