Information of Accident

My Name: Tan Hong Heok	Name of the other party: Zahra Iqbal (Spelt Verbally from her)
IC No: 59707588C	Handphone: 98301696
Handphone: 96694328	Insurance: Liberty Insurance
Car: Red Audi A3	Car: White BMW
Car plate Number: SLK2700A	Car plate Number: SLL4777K
Insurance: AIG	

On the 21st of August 2019, at approximately 7.02pm, I start my car (SLK2700A) which was parked at the level 4 carpark of Double Bay Residences. Before I head out, I make sure that I checked the right side of my car, ensuring that there was no incoming vehicle. As there was a column and a van parked on the left side of my vehicle, I have no choice but to inch my car out slowly to check for incoming vehicles coming from my left. As I was moving my car out of the lot at a slow speed, a BMW (SLL4777K) that was driving in the centre of both lanes hit my car resulting in a huge impact to be experienced while I was in the car. Do take note that my car has not went over to the other lane yet. Prior to the accident, my car's headlight was on and thus the road was lighted hence no excuse for the driver of SLL4777K to not know the presence of my vehicle. On top of that, the driver of SLL4777k was driving on a straight road hence having the advantage of a better vision. Last but not least, the driver did not horn nor did anything to warn me of her presence, showing that she was obviously not paying attention while she was driving.

Sketch Plan #4

Additional Information

If the BMW have remained in the appropriate lane assigned, that would have given me a better view and perspective of her vehicle. In addition, also giving herself more time to react upon seeing my car. On the other hand, driving on the wrong lane limits the vision I have on her due to the presence of the column beside. In addition, also giving her less time to react when she sees my vehicle. Clearly explains why the BMW is unable to react nor give warning signs when she saw my vehicle inching out of the parking lot.

Sketch Plan #5

Time Period After the Crash and Before the Car was Moved

After the BMW hit my car, both the lady and me stepped out of our vehicles. The both of us took pictures of the damaged vehicles. When I approached the lady for her particulars, she reacted very defensively and refused to cooperate. Luckily, we eventually still managed to exchange our particulars. Apart from that, the driver also refused to cooperate when I told her that I will be drawing a picture that will depict the current situation of both of our vehicles. Instead she insisted that I move my vehicle away which makes no absolute sense when her car was in the wrong lane to begin with. Given no choice, she then reversed her car and drove away quickly, showing signs of guilt from that action.

Proof can be found in the video starting from approximately 7.02pm to 7.24pm.
