CONTINUATION OF REPORT

Brief Details.

On 27/8/19 at around 2330hrs, I was driving in my vehicle SMC2461U and I was on my way home. I was along Jalan Anak Bukit and I was turning left from the filter lane into the main road. I made a check and I saw an oncoming SBS bus coming towards that direction however it was travelling at a slow speed which is why I removed my foot from the brakes and moved off.

I had successfully merged onto the main road in the middle lane however after that the rear of my vehicle was collided by the front of the SBS bus. The bus had no passengers. After the initial impact, my vehicle spun 180 degrees and I sustain back injuries. Shortly later, traffic police came down to scene after we called them down.

I did not have any particulars of the bus driver but he was not injured. I then accompanied the tow truck company to the work shop and afterward to Seng Kang General Hospital. I received a 4 days MC from the doctor and I am lodging this report for insurance claiming purposes.
