Brief Details.

On the 27/08/2019 @1130hrs, I was driving along Scotts Road and it was raining. The road was slippery. As I was driving on the 3rd, there is car in front of me hence I wanted to switch lane to the 2nd lane. As I was doing so, suddenly the rear tire malfunction like it was wheel spinning. I quickly hit the brakes. This resulted in my lorry to skid a bit to the right. As I wanted the lorry to stop and I was in a shock, I hit the accelerator and the brakes again but this time the lorry turned abruptly and faced the incoming traffic. The turn was so strong that it hit the green railings by the side and the curb. The damages was that the railing were dented and curb broken. For my lorry, the left front bumper was totally damaged.

I wish to add on at that time I did not require any medical assistance but I will be seeking treatment after report done. I do not have any video footage of the accident.
