Brief Details.

On 02/09/2019 at about 1620hrs, while I was travelling in my car SMC2611D on Bartley Road East turning into Bedok North Road and wanted to do a U-turn, I stopped at the red traffic light. After about 2 minutes, I felt a huge impact from the back. I then got down from vehicle and talk to the driver of the van GBD9454U who informed that he could not apply his brakes when approaching my car. We exchanged particulars and took some photos. After the accident, my car could not start and I have to engage tow truck to assist me. I then felt pain at my neck, back, arm and fingers due to the accident and decided to see a doctor at Mount Alvernia Hospital and was given 5 days MC. My in car camera managed to capture the whole accident. That is all.
