### Brief Details.

On the 06/09/2019 at about 1825hrs, I was driving my company van along Kallang-Paya Lebar Expressway towards Tampines Expressway and before the exit of Punggol Central near to lamp post number 111. The traffic was heavy thus I was driving at a very slow speed.

As I was driving forward slowly suddenly I heard a loud bang and felt that my van was hit from the rear. I quickly made a check on my passenger and went out to check on my van. I discovered that a motorcycle and the motorcyclist lying near the railing at the grass patch which was in front of my van.

I and my passenger quickly rendered assistance to the motorcyclist. The motorcyclist was subsequently conveyed by ambulance to Changi General Hospital. Traffic Police had also attended to the accident.

I then checked on my van discovered my rear left side of van badly dented, left tail light broken and rear window also broken. I had not managed to exchange name and contact with the motorist but I had heard his name as Hairi. I then left the scene after that.
