Hello Vic,

Yes I would like to meet up for a discussion.

By the way, we have lodge a police report on the 8 Sep 2019 as a passenger claim to see a doctor after the accident (vehicle no SMD 8962A). In our statement we highlight a peculiarity that the person who submit the particulars is not the driver. Traffic police will investigate the report we and not sure when they can notify us. By the way do you have the video clip from the car repair workshop.

Are we able to meet on 25 Sep 19 at about 9am. Kindly let us know the location for the meeting up.

Thanks.

Regards,
