### Brief Details.

On the 08/09/2019 at about 1530hrs, I was driving my car bearing the plate number SLW7900T. I was at the cross junction of Marina Boulevard and making a right turn towards Marina Coastal Road. The green arrow of the traffic light was in my favor, thus I executed a right turn. There was another car bearing the plate number SGY7817A coming from the oncoming traffic. He was beating the red light and he was accelerating. As such, our vehicles had a head-to-head collision. The airbags in both vehicle were deployed. I wish to state that after the accident both of us got out and exchanged particulars. Both of our cars were totally damaged. I seek medical treatment and received 3 days of mc. I sustained bruises on the right arm, a slight whiplash, pain on the right side of head, soreness on my right rib, soreness on my right thigh and soreness on my left knee cap. The traffic police, police and ambulance arrived and the other driver was conveyed. I wish to state that I had given the in-car camera footage to TP IO Bei Feng.
