**Brief Details.**

On 07/09/2019 at about 2000hrs, I was riding my red and black Kawasaki bearing registration number FX4300K along Jurong East Ave 1 towards Toh Guan Road. After I exited and turn left from my carpark I saw that the traffic light was already green and hence just rode my bike towards Toh Guan Road. As I was riding nearing towards the cross junction, I saw a car coming from Toh Guan road turning right to Jurong East Central towards Bukit Batok Ave 1 at a fast speed. I tried to brake my motorcycle however it did not brake on time and hence I hit the left rear bumper of the car and caused me to skid and fall off from my motorcycle. A passerby saw the accident and called for police assistance. I then pushed my motorcycle to a side to prevent more accidents from happening and sat down at a side of the road. A passerby tried to stop my bleeding while waiting for police and ambulance. Subsequently after the ambulance arrived, I was conveyed to Ng Teng Fong General Hospital and was given with 4days mc.

I wish to add that I did not take down any particulars or vehicle number of the other vehicle or the passerby.
