**Brief Details.**

On 25/09/19 at about 2125hrs, I was driving my vehicle SMN3459M along Tampines Ave 10 going towards Pasir Ris. At that point of time, I had 1 female passenger onboard my vehicle. While I was travelling along the said road and approaching the traffic light junction, the vehicle SJA8475L which was travelling in front of me suddenly came to a stop. I did not manage to slow down in time and come to a stop as such my vehicle hit onto the rear of the said vehicle. I came out of the vehicle to see what had happened and realized that I was involved in a chain collision with 2 vehicles (SJA8475L and SME4098L) in front of me.

I wish to state that I could not recall the traffic light condition at the time of incident as it happened very quickly. Traffic police and ambulance was at scene to render assistance. The 2 passengers and the driver of vehicle SJA8475L were conveyed to hospital as they complained of pain at that point of time. My passenger was also conveyed as she was bleeding from her teeth. My vehicle and the one in front of me was towed away due to the damages sustained. I am unsure if the first vehicle was towed as well.

At the time of incident, I also felt some pain and aches but I stayed behind to settle the vehicle before making my own way to the hospital to seek medical attention. I was subsequently given 4 days of MC. I wish to state that there is in-car CCTV installed in my vehicle.

I am lodging this police report as a requirement by traffic police and also for my own record purposes. That is all.
