Brief Details.

On 08/10/2019 at about 1000hrs, I had stopped my vehicle, bearing registration number SMM7504U at the traffic light junction along Central Boulevard. Suddenly, I felt an impact coming from the rear of my vehicle. I made a check and realised that the vehicle that was travelling behind me had hit onto the rear of my car. Both the other driver and I alighted from our vehicles to make a check. The rear bumper of my car was damaged and his car front bumper was also damaged. Both of us decided to settle the matter through our insurance. I felt dizzy and pain on my body after the accident and had went to the clinic to seek for medical assistance, and was given three days of MC.
