### Brief Details.

On 27/10/2019 at about 12.35am, I (SMM4308P) was exiting the car park of Begonia Pavilion Car Park near Downtown East with 1 passenger on board. When I exit the car park, I made a check and see no one is crossing the road thus I proceeded. Suddenly, 1 escooter rider came from my left and I was unable to react and I hit onto him.

I stopped immediately and I checked with my passenger if he need any medical assistance. My passenger informed me that he is alright. I then came out of my vehicle and talked to the escooter. I took his phone number however I did not noticed that I took down 1 wrong digit. I then went over to my vehicle and started to jacked up my vehicle as the PMD was under my vehicle thus I was unable to move. After I have took out the PMD, I told the escooter rider that I will come back later after I drop off my passenger. The escooter rider informed me that he is alright with the arrangement thus I continue to send my passenger.

My vehicle suffered scratched on the left front bottom of the bumper. I observed the escooter rider's hand however I cannot recalled which hand had a cut.

I dropped off my passenger at Bedok Reservoir and I went back incident location. When I reached back to the incident location, I saw 2 traffic police were there and I told the traffic police that I came back to look for the escooter rider. Traffic police took down my particulars and issued me with a case card. Traffic Police recorded my in car camera footage from my phone. I was then requested by the traffic police to speak to the escooter rider and his family which I did. I apologized to the escooter rider, his family and they acknowledged. I then exchanged particulars with the escooter rider. I was told by the escooter rider's family member that the ambulance came and the escooter rider was not convey to the hospital.

I wish to state that I have in car camera pointing front and rear. I am unsure if there is any CCTV around the vicinity. I have the in car camera footage downloaded into my phone. I felt that the escooter was going very fast, did not slow down when approaching car park gantry and he was in my blind spot thus I did not see him coming. This is my first time such accident happened.
