Brief Details.

I am riding a motorcycle bearing plate no. FBJ3489C.

On 19/10/2019 at about 1225hrs, my motorcycle was stationary along Syed Alwi Road (facing Jalan Besar). At that point in time, I mounted my motorcycle and wanted to make a U-turn to head towards Jalan Sultan.

Before I made the U-turn, I checked my blindspot and noticed that there was a blue car (bearing plate no. SGT 4015 T) which was very far away from me. I then proceeded to make my U-turn and before anything, I ended up on the road, which implied that the said car had banged into me.

The driver got out of his car and began scolding me, telling me that I should not ride my motorcycle. We then got into a dispute and he mentioned that he had an in-car camera and told me that he would claim for damages against me. I then told him that I would make a Police report. I sustained injuries on my left shoulder and left leg due to this accident. The driver claimed he was travelling at 20km/r however I suspected he was speeding.
