Dear Asher

First of all I am very unhappy with the outcome of this accident and I DO NOT agree with it. I am also very disappointed with the way you (**AIG and LKK Auto Consultants Pte Ltd**) handle this case.

I once again repeat myself, we are not at any fault and just because the other party cannot find any evident then we have to settle at 50/50.

1. After our conversation on Friday, 14th Aug 2020 then I got to know that Subaru accident reporting centre did not forward to you ALL our accident site photos. I demand a full official report on how come this can happen.
2. I had forward you those accident photos and shown you that the Subaru accident reporting centre contact person WhatsApp's acknowledgment of our photos.
3. Why the claimer is not in the loop of what kind of document is being submitted?
4. As of 14th Aug 2020, I DO NOT trust those document that you have on hand now.
5. According to our conversation on Friday, 14th Aug 2020;
 - a. The accident happened on 28th October 2018, we reported on 29th October 2018; your first email was on "**Sent:** Monday, November 25, 2019 12:17 PM" and I already mentioned to look at any video footage on the site but now (year 2020) then you tell me that it had already been overwritten. May I know what happen during that period (29th Oct 2018 to 14th Aug 2020)? why it takes so long to reply to us? If there is any injury, fatality or policy involvement, etc. is it will be faster or handle more seriously?
 - b. You mention that further investigation might affect my future premium unless there are any injuries or fatality case or police involvement. I like to know why? Do we pay a different premium? Regardless of big or small accident, isn't all accident has to be treated the same way?

P.S. My brother-in-law went down to the accident site. The bus driver admitted to my wife and brother-in-law that it was his fault as he was not feeling well and had taken medication before driving.

I have also attached my evidence.

Cheers
