Brief Details.

On 13/11/2019 at 08:16PM, I made a report (T/20191113/2191). In the report I mentioned that when I parked my vehicle (SKX1153D) at a Mountbatten Park open space car park however, I did not notice any damage to my vehicle at that point. It was not that I checked my car and observed no damage to my car. only noticed the deep scratches on the front right bumper of my car when I returned to my car at 13/11/2019 at 02:25PM. At the point when I was doing my report I also mentioned that the in-car camera was not working however, after completing the report, my husband managed to take out the SD card of the in-car camera and used a lap top to view the footage. We discovered that the in-car camera was recording. It had captured a grey color vehicle (SLL3991P) bumping into the right side of my vehicle (SKX1153D) as it was turning out from the car park lot next to my car park lot on the right side. The footage was captured the incident on 12/11/2019 at 10:19PM while my car was parked at Changi Airport Terminal 3 multi-storey car park level B1.
