Dear Hsiao Tong,

We had attached the video for your pursue. Your client had make an invalid / false report and it should not stand under BOLA act.

My client had been travelling along the said location on lane one and your insured had hit onto the Toyota Altis on lane 3 subsequently swerve onto lane one and jam brake. Causing my client unable to avoid the accident and hit onto your client. We strongly deem that this case should be in our favour.

Dear Hsiao Tong,

Vehicle B (Your client's vehicle: SLG8997S) have already hit onto Vehicle C (SLD3294K) while he was travelling on the 3rd lane. He then swerved right across 2 lanes and into my lane (1st lane) and made an abrupt stop. That abrupt stop caused my client's vehicle (PC7285T) which was travelling straight at that point of time, unable to stop in time and hit onto Vehicle B.

Kindly see attached photo. Your client's vehicle was on the 2nd lane while Vehicle C and my client's vehicle were on their respective lanes. It's not consistent if your client mentioned that my client's vehicle hit onto him and resulted in him hitting onto Vehicle C.

Do review the case and get back to us soon.

Thanks & Best Regards
