Brief Details.

On 29.11.2019 at about 1624hrs, I was driving along AYE towards CTE/SLE. I was on the right most lane. There was an accident ahead of my vehicle towards the left lane, therefore I slowed down my vehicle, as the vehicles in front my car were slowing down.

Out of a sudden, I felt an impact to the back of my vehicle and heard a loud bang. I then got out of my vehicle and saw that the rear bumper of my vehicle was damaged. The other vehicle (SLR8544H) had lost its registration plate and there were slight damages to the front of his vehicle.

We exchanged particulars and will be informing our insurance company about this. I am lodging this report for record purposes.
