CONTINUATION OF REPORT

Brief Details.

On 10/12/2019 at about 1600hrs, I was driving along Bedok North Road going towards Bedok Div HQ and was approaching the traffic light junction outside Blk 109 Bedok North Road. As I was approaching the traffic light which is still "Green", I slowed down as the taxi in front of me slowed down due to heavy traffic. Suddenly, there was a hard impact from the rear. A car from behind me had hit me causing my car to move forward and hit the taxi in front of me as well. We got down from our vehicles and exchanged our particulars. No one was injured during the collision. However, my fender and front bonnet were a bit dislodged and my rear bumper was dented and dislodged. As for the taxi in front of me, had slight scratches on the rear bumper whereas the car behind me only had his front right forklift attachment dropped.

After I reached home, I went to the nearby clinic as I have a back and neck pain. I was given 1 day MC.
