Hi all,

With regards on this case,  
Refer to Insurer's remark below

**Labour no.14 to be removed as labour no. 2 had already awarded. Should vehicle body structural measurement is not within specification measurement, it must be supported with chassis alignment report to prove before awarding labour no. 14. Re-inspection require for checked / hidden and supplementary parts and labour. Before paint photos require for Side Panel Frame RH, Front / Rear RH Door.**
