#### Brief Details.

I was travelling straight in the middle of the left lane of a 2 lane road. (Toa Payoh Lor 2 going towards Lor 1) The right lane has a queue of cars but my lane was clear so I continued on my direction. As I rode past a blue colored car it suddenly swerved out from right from the queue of cars into my lane. I could not stop in time and I knocked into the car's side mirror and front left passenger door. I then fell on my left towards the kerb. I managed to stand up and quickly moved to the side. The blue colored car which is now indentified by as a Honda Fit SMA1978M. The driver then moved his car in front of my fallen bike to park at the side and alighted to check if I was okay. He apologised and mentioned he did not check his blind spot before making the turn out. I looked around for a landmark and identified that the accident took place in front of Blk 122 of Tao Payoh Lor 2. A pedestrian who happened to be at the scene also came forward and volunteered to be my witness to the accident. I managed to get his name, Mr Ling and his contact is 96977150. The driver then contacted his insurance company who sent an NTUC rider down to assist. After the pictures of damages were taken and exchaning particulars with the driver, I informed the NTUC rider that I would be parking my bike at a nearby carpark for my own workshop to tow the next day. I also went to a nearby clinic which I always visit to get myself checked as I felt soreness on various parts of my body as well as slight abrasions on my right legs. I was given medication and 3 days of MC.
