#### Brief Details.

On 26/10/2019 at around 1625hrs, I was travelling along Kallang Bahru towards Lavender Street, in my vehicle, a Toyota Wish bearing registration number, SJP6864G. I was travelling on the second lane, as the most right lane was having some construction works. I wanted to turn into the entrance of Blk 65A Kallang Bahru however I could only turn into the entrance via the second lane as the right most lane had been covered up.

As it was a junction, I slowed down to make a check on the oncoming traffic however there were also construction works in my line of sight. I managed to see through the empty space of an excavator and assessed that it was clear. Subsequently, I turned into the carpark however, a red in colour motorcycle, bearing registration FBM1597X collided into my left front side.

The rider was then on the road and I called for the Police and Ambulance. The rider was then being conveyed to the hospital by the ambulance.
