Brief Details.

On 06/12/2019 at about 2330hrs, I was driving my rented car, vehicle number SMM4782C along New Bridge Road towards Bugis.

I then approached a traffic junction near 2HR Building. The traffic light was red then, as such I came to a complete stop and form up behind the traffic. Suddenly, I felt a collision from the rear of my vehicle. In a result I felt pain on my neck and my knees. I was still conscious at that moment.

When I came back to my sense, I notice that a man actually approached me. I then came out of my car and spoke to him. I then observed a taxi vehicle number SHA1279G colliding into the rear of my car. The man who approached me was the driver of that Taxi.

I then exchanged particulars with the taxi driver and we then drove off from scene. No ambulance or police was called down to scene.

On 07/12/2019, I seek medical attention and was given 5 days of MC.

There is in car camera inside my car and I am will be providing the footage to my car insurance company.
