Dear Ms. Lynn,

We refer to the above-subject.

We have surveyed TP vehicle on 30.07.2014 and have adjusted the cost of repairs to lump sum \$3,100.00 with 4 working days recommendation to repair after inspection.

As insured strongly disputed the claim, we provided a copy of the voice recording from the insured to TP on 27.11.2014.

It was recorded that TP driver admitted fault and we sent our enquiry to TP if their client is still to pursue TP claim however, to this date we receive no response from them.

Since there is no development from TP with regards to their TP claim, we will temporarily close this more than one (1) year outstanding file and submit our report to your good-office.

In future, if there is any development from TP, we will update and inform you for our further handling.

Thank you.

Best Regards,

Joy Irene | Case Handler

WITHOUT PREJUDICE

Dear Vale,

Further to the email below.

TP reported both parties were turning and OI encroached to her lane and accident happened.

OI reported that TP was in the extreme right lane and the lane meant to turn right only. However, TP went straight instead of turning right. Thus, accident happened.

We have contacted OI and she disputed liability. She have emailed us the video which was voice recording on the conversation between she and TP driver after they shifted the vehicles and stopped across the junction . (Please see attached). A copy of CD will courier to your office asap.

Meanwhile, we will try to get CCTV footage from Transcab if available for us to review.

In view of the above, kindly let us have your further instruction for our next course of action.

Thank you

Best regards,

Sharon Yee
