On 19/~2/2019 at about 2304hrs, I was returning to Singapore and driving my car, SJQ600K along Woodlands Crossing towards Woodlands Checkpoint. Before the clearance counter, there was heavy traffic and all the vehicles were queuing up and moving slowly to clear the customs. I was queuing up in the extreme left lane. There was a slight up slope where my vehicle was moving slowly towards the clearance counter. While waiting in the queue, the vehicle (Malaysian vehicle with number HJA 3132) in front of me started to roll backwards towards my car. I honked twice but that vehicle still continued to roll back and knocked into the front of my car. My car suffered damage to its front bumper, bonnet, grille which are all out of alignment. My car both front headlights are also damaged. No one was injured.

I am lodging this report to claim insurance.
