Dear Saliha,

We refer to the subject matter.

Please be informed that we had spoken to the Insured with regards to video footage and is of the view that liability is not to his favour (see attached video footage).

We observed that the TP vehicle had already indicated his intention to turn left at the junction but the Insured overtook the TP vehicle and the collision occurred.

However, the Insured insisted that he is not at fault as TP suddenly made a turn and did not check properly.

We had already highlighted to the Insured that this is not a good case to fight but he insisted that he is not at fault.

Kindly review the footage and advise if we have the same view as Insured may continue to dispute on the matter.

Thank you.

Best Regards,
