Brief Details.

On 24/12/2019 around 1400hrs, I was driving my vehicle bearing registration plate GBE9863S along Jalan Toa Payoh on the first lane from the left on a four lane road.

At that point of time, it was congested but was slow moving traffic. Suddenly, I felt an large impact coming from the right rear of my vehicle. I then immediately came to a stop and came down from my vehicle. I then spotted a large lorry was stationary near to my vehicle bearing registration plate NCW7768. I then asked the driver and he just told me to lodge a report.

I then told my supervisor regarding this matter and the other party just drove off. My supervisor and I then chase after the other party and manage to stop him and direct him to Woodlands West NPC to lodge the traffic accident report. My vehicle sustained damages such as the rear bumper came off slightly with scratches, my right rear passenger door got dented in. No government property was damage, no one was injured, no traffic police nor ambulance was at scene. That's all.
