Dear Sir/Madam,

ACCIDENT INVOLVING SLE 1060B (OI) & SMB 8039Y (TP) ON 24/12/2019

We refer to the above matter.

TP reported that OI collided into his vehicle while filtering to the right in the yellow box.

OI reported that TP collided into his stationary vehicle while filtering to the right.

Insured video uploaded in merimen clearly show that third party making a slow filter to the right have collided into insured stationary due to his long bendy bus.

We are of the opinion that the liability is not in third party favour.

In view of the above, we are intending to reject TP claim.

For your approval/ comments/ instruction.

Thank You.

Best Regards,
