Brief Details.

On 21.1.2020 @ about 2145hrs, I am driving the van (GBB5377X)along Boon Lay Way towards Clementi Ave 6 and the traffic light at the cross junction in front of Tradehub 21 was in my favour as my van was approaching. I saw a car (SFT6922Z) on the opposite direction moving along the lane for right turn into tradehub, however, the said car did not stop behind the stop line and moved on. As a result, the car collided into the right side (sliding door) of my van and the impact caused it to overturned and landed on the left side of the van. My passengers and I managed to come out from the damaged van and all of us suffered pains from the accident. However, only the front passenger was conveyed to hospital. The van was badly damaged in the accident. Traffic Police came to the scene and advice me to lodge an accident report. There is no in car camera recording in my van. I am feeling pains on my left leg and will seek treatment from hospital after the report was lodged.
