Hi Aida,

We refer to the above matter.

Attached is a copy of video footage from third party for your reference. The video footage shows that our insured driver was filtering into third party's lane, however we are unable to confirm if there is any collision. We are of the view that the video is inconclusive. Furthermore, third party vehicle had pre-existing damages on the front portion.

In view of this, we propose to reject third party claim.

Kindly let us have your approval/instruction

Thanks.
