Dear Bennie,

We refer to the subject matter.

Please be informed that Insured had provided video footage (uploaded in merimen).

We had spoken to the Insured where we had informed him of the TP claim and that based on his video footage, liability may not be on his favour.

However, the Insured disputed on the TP claim and insisted that he is not at fault as TP vehicle drove inside the yellow box and encroaching the chevron lane.

We had explained to the Insured that based on the guidelines, liability may not in his favour but he still insisted that he is not at fault. He had also filed TP claim against TP insurer (NTUC) through his workshop but also still pending for update.

As Insured had strongly denied liability, we seek your instruction / opinion based on Insured's video footage.

Kindly advise.

Thank you.

Best Regards,
