Brief details.

I am reporting this incident on behalf of my worker at S-Lite Group.

My worker was on the way to collect metal barricades at Kinta Road.

Upon turning into the road there was a partial lane closure due to cabling works by Sigma Cable Company Pte Ltd, he noticed that there was no signage before Race Course Road before the turn to warn of the road works and the partial road close. There was also no signage to warn of heavy vehicles that they are not able to enter. There was also no traffic controllers to guide traffic. After the partial road

closure there was only a space of about 3m of clearance and the width of the average heavy vehicles are about 2.6m leaving very little space.

As a result of the partial road closure his heavy vehicle made contact with a tree and the tree fell. There was no physical injury to any passerby or driver and there was no passengers in vehicle. It is also noted that the driver had traveled the same route for the past 3 days without any incident.
