Brief Details.

On 07/02/2020 at about 4.50pm, I was travelling along PIE towards airport in my vehicle(SKC3789S), at this point in time, I stopped my vehicle as traffic became congested. Suddenly I felt an impact come from the rear of my vehicle, causing my vehicle to lurch forwards and collide with the vehicles in front. The accident involved a total of 6 vehicles, with the vehicle behind mine causing the chain collision. Police and ambulance were subsequently at scene, and my wife was conveyed to hospital. I am unsure of the details of the other vehicles, and I do not have an in car camera installed in my vehicle. I did have another passenger in my car at that time, however he has already departed Singapore. I am lodging this report for record purposes as instructed by the traffic police.
