Brief Details.

On 17.02.2020 at about 1154hrs, I was driving along PIE towards Tuas on the 2nd lane at a speed of about 70km/hr. The road was smooth when suddenly the vehicle in front of me came to a sudden and abrupt stop. I quickly pressed on my emergency brake however could not stop in time and collided into the rear of the vehicle in front of me, SMA891K. I then got down the vehicle to make a check and discovered that its a chained collision between 3 vehicles and I am the 3rd vehicle. I am not injured however the driver of the vehicle in front of me complained of neck injuries and was conveyed by the ambulance. This is the first time that such an accident happened to me. The damages of my lorry is the front side of the vehicle dented and left side head light broke. Traffic police came down to scene.
