Hi Hsiao Tong,

Our client is unable to accept your offer of 50% as his not at fault.

Referring to our email dd03.04.2020 of front and rear scene video clearly showed that our client was driving straight whereby your insured slowed down at right side and switched out last minute without signalling and checking behind oncoming traffic.

Your insured movement is fast and abrupt considering driving without reasonable consideration to other persons using the road.

However, for amicable settlement we would like to counter proposals of 90% for a close case.

Please kindly consider and revert, thanks.
