Brief Details.

On 29/04/2019 at about 10.50am, I stopped my car SMC6250K on the 2nd lane at the junction of said location as the traffic light was red. When the traffic light turns green, I started to move off and I heard noise from behind but I did not make a check. I proceeded to my destination which is at Changi Airport Terminal 2 and after that I realized that there is a scratch and slight dent on the right side of my car, just above the rear wheel. I then proceeded to BMW workshop to retrieve my in-car camera footages and the staffs there advice me to make a police report. The footage is able to capture one car SKN1352Z side swipe with my car when I move off at the traffic light this morning.

I wished to state that at that point of time, I did not feel any impact from the back. I do not know who is the driver in the other car and do not know if there was any passenger inside.
