Brief Details.

On 01/03/2020 at around 0640hrs I was cycling along Pasir Ris Drive 1 turning towards Pasir Ris Drive 12, while I was turning I noticed one vehicle : slowed down and was giving way to me. After fully turning into Pasir Ris Drive 12 the vehicle accelerated and hit my rear wheel of my bicycle causing me to fall.

Shortly after the driver came down from his vehicle the driver informed me that he did not see me and my friend cycling along the road, I called for the police shortly after . Ambulance was activated by the police and attended to me. Paramedic did a check on me and informed me that I sustained abrasion on my left thumb, left wrist and a cut on my left calve. Paramedic further informed me that I should go to the hospital for further check up as I told the paramedics that my back hurts.

Upon Traffic Police arrival the driver informed the Traffic Police that I was the one who hit his vehicle but I did not, traffic police then informed me that I should lodge a traffic accident report as soon as possible.
