Brief Details.

On the above mentioned date, time and location I was driving along PIE towards tuas and at exit before jalan jurong kechil, I was driving on the center lane and suddenly a unknown motorcycle in front of me brake and I brake as well. Afterwards I felt a impact from the back and all the involved vehicles move to the road shoulder to access the damage and exchange particulars. The vehicle behind me SMS5642K was able to stop in time but the next vehicle GBB513C was not able to do so and hit her, causing the vehicle to hit my vehicle. We then left and continued our journey; the front facing camera in my vehicle is not working during the incident; I visited the doctor and received 5 days in MC.
