SKETCH PLAN

DESCRIBE CIRCUMSTANCES OF THE ACCIDENT

On the 8th March at 9.40 am, I was at Pranggal Park Car Park, I stopped the car in my lane as there were numerous people walking and running across the car park.

When the people have cleared and a car park lot is available on my left, I proceeded to move forward and turn to my left. ~~After~~ All of a sudden I noticed a pick-up truck veering into my lane without signalling at very fast speed from my right. I immediately jammed brakes and came to a complete stop. After coming to a complete stop, I sounded my horn to alert the pick-up truck. The pick-up truck continued hurtling straight into my path from my right and collided into me 1-2 seconds later. After collision, the pick-up truck quickly reversed out, admitting the evidence on scene.

Upon checking the videos, facts of the case are ① pick up truck breached the road divider solid white line and went against traffic into the opposing traffic lane, ② Pick up truck then veered into my lane without checking his blind spot & mirror, and

did not signal a turn, and hit my stationary car from the opposing lane.

DECLARATION

I/We declare the foregoing particulars are true in every respect.
