Brief Details.

On the 13 March 2020 at about 1730hrs I was driving my lorry GBH5527Z along SLE towards Yishun on the extreme left side. There was a stationery vehicle YN3232H along the extreme left lane along SLE at that point of time. There was no signs or signage indicated that the vehicle YN3232H had broken down. I was waiting for traffic intending to switch lane however the vehicle behind me SJW5644S had knocked onto the rear of my vehicle. Due to the collision, my vehicle moved forward causing me to knock onto the vehicle in front of me YN3232H.

I had a check and discovered that I was involved in a chain collision.
