Brief Details.

I was travelling along PIE towards Jurong. There was moderate traffic, but vehicles were moving at normal speed.

Traffic started to build up in front of me, and the vehicles started stopping. I braked moderately as I have been keeping a safe distance and was almost coming to a complete stop (with ample space), when I was hit by the vehicle behind (SGT3857L). I have images of the damage.

Separately, there were 3 more vehicles behind SGT3857L who got into collisions as well. Police and Ambulance services were called due to the other 3 vehicles causing some motorcyclists to take evasive action and fall off their bikes (with some bikers sustaining injuries). My car (SKK415Z) and SGT3857L collided separately from the other 3 - the other group did not hit SGT3857L in the rear.

The Police personnel who arrived took my details, along with the driver of SGT3857L, and informed us that we could leave the scene as ours was considered a separate accident from the one that happened behind us. The driver of SGT3857L is Rhyme Bin Abdul Halim, NRIC S7020420G. We exchanged contacts.

I am filing this report just in case, as I am making an insurance claim.
